Former Students In Advanced Studies

LAC LA BICHE — With this year's graduation exercises the Dr. Swift High School is reminded of former students, and Lac la Biche can be proud that quite a fair number have gone on to further academic training.

Donald G. R. Blair, a 1951 graduate here, is this year graduating with honors from the University of Alberta after four years of study in the chemistry department of the faculty of arts and science.

Madonna Grandinetti and Sylvia Sawchuk, both of Hylo and both 1952 graduates here, are graduating this year from the General and Royal Alexandra hospitals as registered nurses. Another 1952 graduate and grade nine Governor-General's medal winner, Jeanne B. Currat, has in each of her three years in attendance at the University of Alberta had her name in the "Awards and Prizes" list. This year Miss Currat qualified for the Minister of Switzerland book prize in French. Miss Currat has yet one more year of study to complete her bachelor of education program.

Of the 1953 graduates, Dorothy Hall is in training at the Royal Alexandra Hospital; Jean Sunly and Aileen Biollo are taking their training at the General Hospital. Victoria Torresan has just completed her first year in the faculty of education and Olga Bakay her first in the bachelor of science nursing program at the university.

Among the 1954 graduates, Roger Varze and William Salahub have also just completed one year in the faculty of education; Yvette Richard is in training at the General Hospital and Gail Hayduk is completing one year of apprenticeship before entering the school of pharmacy at the university for three years of study; Warren Williams has completed one year in the faculty of engineering at the University of Alberta.

Several other graduates of the Dr. Swift High School are already teaching. Among them are Leola Schirmacher, Olga Poholsky, Rita Peltier, Arthur Girard, Paul Piquette, Alex Salahub and Natalka Tkachuk.

The high school and town are very proud of their graduates and wish them increasing success and happiness and look to the graduates of the future for more recruits to the professional fields.

Every Elector Should Vote—And Mark Preferences For All Names On Ballot

Wednesday, June 29, is Election Day in Alberta. It is the privilege—and solemn responsibility of every able-bodied citizen to get out and vote.

Recreation Centre Has Clean-up

LAC LA BICHE—Work continues at a rapid pace on the Lac la Biche Recreation Centre. Thursday, June 23, some members of the Lac la Biche Baseball Club worked the afternoon cleaning up the grounds and general repair work. After supper the club were out in full force to continue on the work at the grounds. The grounds are being put in first-class shape with the hard work of the beavers.

Some of the major work accomplished were: cleaning the grounds, grading the diamond, replacing the old backstop with a neater and sturdier backstop, placing a three to four foot addition on to the top of the fence around the south-west and west side of the grounds, painting the fence and other minor but important repairs. Work was completed Friday evening.

It is anticipated that proceedings on the work to be done at the cemetery, immediately out of Lac la Biche, will soon be under way. The committee formed for this purpose are endeavoring to arrange for sufficient help in the very near future to accomplish this.

Caslan

The Caslan community is having the pleasure of viewing picture shows again at the school.

Mr. and Mrs. S. Cislo were in Edmonton last Saturday to attend a wedding of a cousin.

Mrs. M. Kowalchuk is writing school examinations in Lac la Biche.

Glen Meyer shot a bear, which was prowling in their pasture about 200 yards from their farm building.

H. Lobav attended a Social Credit meeting at Caslan, June 21. Mrs. S. Cislo was in Edmonton recently. Mr. and Mrs. George Waselenchuk accompanied her.

U.S. auto industry plans a record output for November.

In this election the "proportional representation" or "preferential" ballot will be used. Instead of just marking the name of the candidate of your first choice with an "X," you are expected to mark "1" beside the name of your first choice, "2" opposite the name of the candidate of your second choice, and so on. Where only two candidate's names are shown on the ballot this is, of course unnecessary but it is mighty important where three or more candidates are running.

When the ballots are counted if one candidate gets over 50% of the first choices he is declared elected. Then no further counting of ballots is necessary. However, if no candidate is elected or the first count, the candidate with the smallest number of first choices is dropped and his ballots distributed to the others according to his second choices.

By marking your second and third choices, you can make your influence felt in the final selection of a candidate. If, however you "plump" your ballot, you may be helping to elect the very candidate that you don't want to win.

On June 29th—be sure to vote and be certain to mark your 1, 2, 3 choices on the ballot.

Lac la Biche Juniors See Action

Thursday, June 23, Lac la Biche Juniors travelled to Hylo, playing the Hylo Juniors five innings of good baseball. The evenly matched game ended in a victory for the Hylo Juniors, the score being 9-8. Pitchers for Lac la Biche, Tesolin and Maccagno; catcher, Bourque; for Hylo, Tichonuk and Poholski.

Venice

Peter Gingras visited at the home of his parents, Mr. and Mrs. Adolph Gingras, last week-end.

Paul Diachuk, from Drayton Valley, is visiting here.

Mrs. Tony Zevola of Edmonton is a guest of Mr. and Mrs. Zevola. Ornorio Bordignon was visiting here for a few days.

Tom Shipka and Gene Giacobbo recently made a business trip to Edmonton.

LAC LA BICHE SPORTS DAY FEATURES TWO DAY TOURNEY

The annual Sports Day at Lac la Biche on June 30 and July 1 will feature ball tournaments that will include eight senior teams, four ladies' softball teams and possibly five junior baseball teams.

The big two day tournament will start off with a bang at 11 a.m., Thursday, June 30, with the senior teams. Glendon will meet Grassland followed by Jarvie vs Lac la Biche at 1:30 p.m. Boyle will play Wandering River at 3 p.m. and the last game of the day will have Briereville against Athabasca at 5:30 p.m. Teams that will enter the final round of play on July 1 will be arranged at the end of the first day.

Four teams have been entered in the ladies' softball tourney. Grassland will meet Plamondon at 3 p.m. on Thursday, Lac la Biche will play Glendon at 12:01 p.m. Friday and the winners will meet in the final game at 4 p.m. on July 1.

Two junior teams have been entered in the junior tournament and it is expected that another three teams will enter the race before the deadline. Teams entered to date are Hylo and Lac la Biche. There are prospects that entries will come from Boyle, Athabasca and Ashmont.

4-H Club Holds Achievement Day

PLAMONDON — A crowd of about 500 people watched W. C. Proctor, district agriculturist of the area, judge the calves in the 4-H Calf Club. June 6, Miss Annette Schaub was the winner with a Shorthorn steer and Joseph L'Heureux was second with a Hereford heifer.

The calves are judged and placed in four groups: special, choice, good and qualified.

These calves were put on feed last fall and grain-fed all winter by the club member and then brought to the Achievement Day in the spring and judged. The following day they were trucked to Edmonton and sold by public auction where they brought the top market prices.

The club should be commended for the excellent showing they made and the great improvement in the quality and finish of their calves over the previous year. Generally the calves were of very good condition.

Phil Holt, assistant DA at Athabasca, judged the showmanship class and Andre Piquette won the agriculture society showmanship cup for the second year in a row. This cup is presented to the best showman in the club yearly. The E. Eaton showmanship kit normally given to the best showman was given to the second prize winner, Miss Annette Schaub as Mr. Piquette had won it last year.

The winners of the judging competition were Andre Piquette, 1st; Marie Schaub, 2nd; Gisele Labonte, 3rd; Joe L'Heureux, 4th.

Prize money was donated by the following merchants of Plamondon and Lac la Biche: Plamondon Mercantile, Maple-Leaf Co-op, E. Dancause, David Plamondon, Plamondon Parish, Michael Hamar Co., W. Hamilton, O.K. Motors, Chas. Lebas, Richard's Bakery, Harry Lobay, Geo. Homeniuk, Stewart Drug, Joe's Coffee Shop, Louis Rudiger, C. H. Martin, Central Garage, Baptist Bouvier, Hayward Lumber Co., Michael Maccagno, Lac la Biche Creamery.

Greek Orthodox Build Church In Lac la Biche

Following a four-year campaign of funds the Greek Orthodox Ladies' Society and the Greek Orthodox Men's Society have succeeded in raising sufficient funds to commence work on a new Greek Orthodox Church to be located on the corner lot back of Cumming, next to the Greek residence.

On June 9 work officially commenced on this project with the turning of the sod by President Mrs. E. Tkachuk, Secretary Mrs. J. Zalusny, and Rev. P. Zubritsky. To date work is continuing with the basement being fully dug and cement pouring well under way.

The building will be 28 by 40 when construction is completed. It was decided that the name of the church would be St. Andrew Greek Orthodox.

Grassland

A case of vandalism which occurred Sunday, was discovered by F. H. Hadley when he went to inspect his field. He found that some one, during the night, had upset his disc and plow and left them upside down. R.C.M.P. are investigating.

Miss Lucille Tatum, of Lac la Biche, entertained on Thursday at the home of Mr. and Mrs. Francis Garner.

Miss Baumgardt and Miss Sorensen, former district nurses here, were guests of Mr. and Mrs. Ira McKenzie's for the week-end.

Mr. and Mrs. Dan Edmonton, who spent the week-end in Edmonton have returned to Lac la Biche.

Hylo

Hylo Beavers Juniors were again victorious against the Lac la Biche Dodgers, Jr. in a game played at Hylo, with a score of 10-8.

Hylo school children, grades 4 and 6, played a game of softball against the Venice grades 4 and 6. Venice team won with a score of 9-8.

Margaret Tichonuk is home again visiting her parents.

Alfred Rayment has returned from the University Hospital in Edmonton.

Hylo Home and School Association committee met June 22 to plan the school children picnic.

Natural Gas Pipe Line To Hinton

EDMONTON (BUP) — A contract providing a natural gas supply for a new pulp mill at Hinton, Alberta, has now been completed.

Frank E. Ruben, president of North Canadian Oils Limited, announced today that agreement has been reached with Mid-Western Industrial Gas Limited to supply the gas.

North Canadian and the St. Regis Paper Company are the backers of the pulp plant, 175 miles west of Edmonton.

A line will be built from the gas field at Alexander, Majeau Lake and Westlock to Wabamun where Calgary Power Limited has a plant. North Canadian will build a 136-mile line from Wabamun to Hinton.

The 10-inch line, with a maximum capacity of more than 50-million cubic feet of gas a day, is scheduled for completion in the fall of 1956.

Drowning Mishaps Takes Tots' Lives

EDMONTON (BUP)—Two young children lost their lives Sunday in drowning mishaps in Northern Alberta.

Eight-year-old Mary Ann Wilkinson drowned near her home at Drayton Valley and seven-year-old Thomas Gordon Nunn lost his life while he was wading in the Sturgeon River northwest of Edmonton.

The girl was the daughter of Mrs. P. Youchuk. The boy's father is Sergeant Harold S. Nunn of the Royal Canadian Air Force at Nanaimo. The family is originally from Vancouver, and the boy's body is being sent there for burial.

Peace River Gets New Courthouse

PEACE RIVER (BUP) — The new courthouse to be built in Peace River this year will cost between \$250,000 and \$300,000.

Plans for the new structure have now been received in Peace River. Work is expected to take nine months and tenders will be called when recommended revisions are completed.

West Europe's exports to the East increase.

Farmers More Reliant On Marketing Plans

EDMONTON — Farmers are becoming more dependent on marketing programs, because of world price and market instabilities. H. H. Hannam of Ottawa, president of the Canadian Federation of Agriculture, said Monday.

He told the federation's annual meeting that Canadian farmers

are dependent on export markets for 33 per cent of their normal production.

"In recent years the inconvertibility of currencies, trade restrictions and subsidized selling have added uncertainties to foreign markets." Unlike most industries, farmers are unable to control their total output.

Marketing problems are increasing in urgency. Some farmers feel a widespread swing to more efficient production methods—resulting in increased output—may further aggravate uncertain markets.

Mr. Hannam said agriculture must "at least keep in step with

greater efficiency in other industries."

Two District Men Search Wabamun For Meteorite

EDMONTON — Two members of the Royal Astronomical Society of Canada say they believe a meteorite smashed through the ice into Wabamun lake, Dec. 20.

The two, William Hrukey and Ian McLennan, said Tuesday they will use aqualungs next month to search for the meteorite.

A resident of Seba Beach, 50 miles west of Edmonton, told the society last winter he had seen what appeared to be a meteorite pierce the frozen lake. He said it was flaming and left a large hole in the ice.

The man, Robert Cooper, marked the spot through shore-sighting

and the Edmonton men investigated.

Hrukey and McLennan estimate the meteor will be buried in soft mud at the bottom of the lake, 4½ feet deep where they believe it fell.

Noel Dant To Receive Prize

EDMONTON (BUP) — Edmonton Town Planner Noel Dant will leave next Thursday for London to receive the president's prize from the Town Planning Institute of Great Britain.

The prize will be awarded to Dant for his essay on results of planning measures in Edmonton. The contest is open to town planners anywhere in the world.

Oil Lease Sales Net \$27,300,000

EDMONTON (BUP) — The Alberta government has netted more than \$27,300,000 dollars following the biggest sale of petroleum and natural gas leases and reservation rights so far this year.

The California Standard Company paid the largest price during Tuesday's sale of some \$10,500,000 dollars for provincial parcel number 44 in the Cynthia region, west of the Pembina producing area, about 70 miles southwest of Edmonton.

In all, seven provincial parcels in the unproven Cynthia, Smoky River and Crow Indian Lake areas as well as 48 leases and 33 crown reserve parcels in established areas were offered for sale by public tender.

SPARE 90 MINUTES— gain years of better baling

A long noon hour (or its equivalent) is all you need to have the ROTO-BALER demonstrated on your farm. You'll see for yourself why round bales are better:

Learn How Roll-Up Compression Saves Hay and Dollars

- Leaves are sealed in.
- Weather is sealed out.
- Livestock prefer hay from round bales.
- Round bales can't buckle or break.
- Less twine cost per bale — per ton.
- ROTO-BALER costs less to own, much less for upkeep.

Men, materials... and money

When a business lands an order or a contract, it is likely to go to a chartered bank to arrange some of the financing. It may need bank credit to meet payrolls, to buy materials or to cover other costs that arise before it is paid.

That's why businesses both large and small can take on many jobs they would be unable to handle if they had to depend entirely on their own financial resources... And why, every day and in every part of Canada, the chartered banks are lending money to producers, manufacturers, processors and other commercial customers.

Commercial loans are only one of many banking services available at a branch of a chartered bank. You will find it is a convenient banking service-centre where you can attend to all your banking needs.

Only a chartered bank offers a full
range of banking services, including:

SAVINGS ACCOUNTS

Keep your money safe; pay you steady interest; encourage the habit of thrift.

FARM IMPROVEMENT LOANS

For many worthwhile purposes, adding to progress, efficiency and the comfort of farm life.

TRAVELLERS CHEQUES

Protect you against theft or loss of cash. They are readily negotiable anywhere.

Mrs. R. Davies Honored On 90th Birthday

FORT SASKATCHEWAN—Relatives gathered at the home of Mrs. Rachel Davies in honor of her 90th birthday on Sunday, June 5. Many beautiful gifts, flowers, and a decorated cake with 90 candles were received.

Mrs. Davies (nee Beckley) was born in Port Elizabeth, Africa, on June 7, 1865. When three years old, with her parents they took up residence in Alexandria, Province of Santa Fe, Argentina. Miss Beckley married Richard Davies on Sept. 18, 1881. In 1901 Mr. and Mrs. Davies with their family came to the Ardrossan district. On this journey they visited seven countries.

Mr. and Mrs. Davies had five sons and two daughters, who were born in South America and the youngest being five years old when coming to Canada. Mr. Davies passed away on March 12, 1922, and one daughter in 1893. The family includes Arthur and Clement, who live with their mother, Ada (Mrs. Grayson) and Bert also live in the Ardrossan district. Fred in Edmonton and Cecil in Uncas district.

Mrs. Davies is very active, sews her own clothing, has very good hearing and eyesight. She has never spent one day in hospital.

Jubilee Caravan Tours North

More than 20,000 people in town and district points in Alberta have already seen the historical curios and movies contained in the two Golden Jubilee caravans.

Prepared and exhibited by the Alberta Government, the caravans consist of two large trailer units which are covering the Peace River area and northern Alberta, while the other is touring the southern Alberta prairies.

The exhibits in the historical displays were obtained from government and private collections throughout the province, while many more were borrowed from pioneer families. The southern caravan contains objects of special interest to the south, such as ranching relics, articles from Fort Whoop-Up, plains Indian curios, and articles brought to Canada by pioneer Mormons.

The northern caravan contains

such objects as Cree curios, articles of Father Lacombe, pioneer farming implements and other historical items. Both also contain early photos of social activities in the 1905 period and displays of modern craft work. The rear of the trailer has been designed so that Alberta movies can be shown during the caravan display.

Japanese Group To Visit City

EDMONTON (BUP) — Some 20 Japanese businessmen are scheduled to visit Edmonton June 28 and 29 to discuss the promotion of trade.

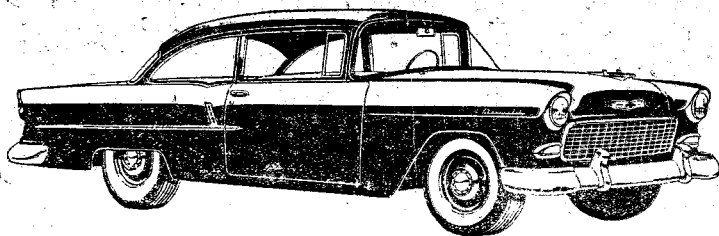

D. F. Marlett, secretary-manager of the Edmonton Chamber of Commerce, says the group will visit the city industrial area during their short stopover.

• They are on their way to Japan after attending the recent Canadian International Trade Fair in Toronto.

Marking Four Ballot

From the Lethbridge Herald
Alberta electors will be going to the polls in just a few days. With federal and municipal elections sandwiched in between provincial elections, there is always some confusion as to the marking of the ballots. In federal and most municipal elections the X is used to mark the candidate of one's choice. That is not true in Alberta.

Here for more than 30 years the single transferable vote has been used in all single-member constituencies. As a result the elector may vote for every candidate on the ballot, but to show his preference as to candidates, he votes by numbers instead of the X.

Thus, if there are four candidates in a single-member riding, he marks 1 (one) for his first choice—that is, the candidate he wants most of all to see elected—2 for his second choice, 3 for his third choice and 4 for his fourth or last choice.

Then, when it comes to counting, all the first choices are counted first by the deputy returning officer and scrutineers. If the candidate with most first choices had 50 per cent plus one of the ballots cast, he can be declared elected on the spot. But if not, then the candidate with the lowest number of first choice ballots drops from the race; but his ballots stay in. The ballots are then transferred to the remaining three candidates according to the "2" preferences shown. If then none of the three has over 50 per cent of the votes cast, the candidate with the least ballots after the second count drops out, and on the third count his ballots are picked up and transferred to the second and third choices which may be shown thereon to the two remaining candidates. Thus the fourth and third low candidates' ballots have been "transferred" as indicated by the voters' preferences, and the final result when it is declared will reflect the preferences of those voters who took the trouble to mark their ballots. The preferential system of voting intends them to be marked.

So do not use an X on June 29, that will spoil the ballot and it will not count. Use the figures 1, 2, 3

and 4 or the number of figures that there are candidates on the ballot.

It's all very simple, and it enables electors to elect a candidate with a clear majority of those who carried their preferences through to the very end.

It's most important to vote on June 29.

It's just as important to be sure you make use of the preferential system of voting. Do not vote with an "X".

Lack Of Caution Causes Air Crash

EDMONTON (BUP) — A coroner's jury has ruled that lack of caution caused a plane crash which killed six persons near Edmonton June 7.

The jury said that not enough caution was exercised by the person in control of the Lockheed 14 aircraft owned by Associated Airways.

The verdict recommended that "Associated Airways and any other similar firm establish and enforce a more rigid system of control of operations and, in particular, as to cargo and personnel manifesting."

Associated Airways operations manager V. C. Simmonds said his firm has just about given up trying to find the cause of the crash.

OPPOSITION PARTIES SAY VOTE SHOWS SWING AWAY FROM SOCREDS

VERMILION — School Principal James A. Smith won the Battle River-Camrose federal by-election for the Social Credit party in a three-way fight which narrowed down to a straight tug-of-war between Liberal and Social Credit candidates.

The election of Mr. Smith was reported three hours after the close of the polls on Monday, June 20. Final results from all 240 polls gave J. A. Smith, SC, 8,536; Dr. F. M. Smith, Liberal, 8,194, and W. Irvine, CCF, 3,772. The total vote showed an increase of 2,158 over those polled in the 1953 election.

The result left the political color of the constituency unchanged. The area has voted Social Credit since 1935. Members of the Provincial Liberal Association stated that the vote indicated an encouraging trend that could continue in the Provincial election. The votes polled by the Liberal party showed a 100% increase over those received in the last election.

It was felt by members of the Liberal Association that if the system of proportional representation had been used in the balloting, that the Liberal member would have received enough second choices from the CCF to win the election. Elmer Roper, Provincial Leader of the CCF party, stated that if a similar change prevails throughout the province, there could be a change of government.

Social Credit members were also encouraged by the result. Officials of the party say the result indicates that Alberta voters are still

behind the Social Credit party.

This constituency, a Social Credit stronghold since 1935, returned the Social Credit candidate with a slim 342 vote margin over the Liberal candidate. The 1953 general election was won by the SC party with a 4,707 vote margin over the nearest rival.

J. A. Smith, winning candidate, is the principal of the Kitscoty High School and was campaign manager for the late Mr. Fair. Mr. Fair held the constituency for three terms of office until his death last November.

Dr. F. M. Smith, the Liberal candidate, was in his first federal campaign. He has practiced medicine in Camrose since 1936 and is presently a member of the Camrose city council.

Mr. Irvine, CCF, is a veteran politician. He was elected to the Commons in 1921 as Labor member for Calgary east. 1926 and 1930 he was returned as United Farmers of Alberta member for Wetaskiwin.

U of A Professor Wants Mosquitoes

EDMONTON (BUP) — A University of Alberta professor needs dead mosquitoes and he doesn't mind if they're crushed.

Professor B. Hocking, head of the University's Entomology Department, asked Edmontonians to send him their dead mosquitoes. The professor is studying breeding locations of the various species to assist in making the city's anti-mosquito campaign more effective.

Hocking is endeavoring to make a mosquito map of Edmonton, showing where the various types are breeding.

One direct result hoped for is to find out how far the mosquitoes fly. This would be a help in the city's spraying campaign held each spring.
